

PRO-RATED RESIDENTIAL SOLID WASTE ASSESSMENT AMOUNTS - FY25/26 RATES

This pro-rated schedule is to pay for garbage services for the month(s) following receipt of certificate of occupancy thru August 31, 2026. Certificates of occupancy in September 2025 pay for garbage service for the following 12 months. At the time that your pro-rated garbage is paid, it is also added to the following year's tax roll (10/1/26), allowing the garbage fee to be billed once a year. September 2026 payments are added to the 10/1/26 tax roll (FY27). You should pay for the pro-rated garbage services as close to C/O as possible to avoid paying for months that you would not be utilizing service.
